

# Lim Chu Wei

(Principal)

## Qualifications:

BEng (Mech) NTU  
MSc (Math) NIE, NTU  
Higher Edu Teaching Cert (Harvard)

## Classes taught:

Sec 3 & 4 A/E Math  
JC 1 & 2 H2 Math

Chu Wei's ambition was to be an engineer.

So he entered JC, taking Further Math and went on to NTU to pursue a degree in Mechanical Engineering. Coming from a humble family background, he started tutoring Math in Sec 4 to support himself and lighten some of his family's financial burden. His ability to explain complicated Math concepts simply and help students improve drastically resulted in an exponential increase in the number of students he tutored while studying in JC and NTU, even to the point where he had to skip classes to conduct tuition. After graduation from NTU, Chu Wei started his career as an Engineer in Carrier Singapore. He continued giving tuition after work and during weekends due to the large demand of students.

In 2013, he was given an opportunity to start his own tuition centre. Realising his commitment to education and dedication to students, he took it.

Fuelled by a strong passion to be the best mentor to students, he furthered his education by enrolling in NIE and Harvard, and was conferred the degree of Master of Science (Mathematics for Educators) and Higher Education Teaching Certificate. With more than 19 years of tutoring experience, Chu Wei continues to help countless students achieve their dreams.

*"Teaching is not my career.*

*Teaching is my calling." - Lim Chu Wei*
